

Remote work has become increasingly common in recent years.

1. Working remotely has grown and become ~~significantly~~ more common recently.

Commented [ET1]: The task says INCREASINGLY.

When a building is designed, the most important factor is the intended use of the building rather than its outward appearance.

2. The most crucial ~~aspect~~ factor in designing a building is ~~considering~~ its intended use rather than its outward appearance.

Commented [ET2]: Not the same as FACTOR

Aspect = جنبه
Factor = عامل

Commented [ET3]: The factor is the intended use, not considering it.

Some people think that charity organizations should only offer help to people of their own country. But others believe that these organizations should give aid to people in great need wherever they live.

3. A number of individuals believe that help from charity organizations should be offered only

to people in their own country, ~~however~~ However, others argue that such aid should be

Commented [ET4]: This is a transition linker (like "Therefore", "Furthermore" and "In conclusion". It is used to begin a new sentence, and it must be followed with a comma.

provided to people in ~~strong great~~ need without considering where they live.

Commented [ET5]: Although "need" collocates with "strong", the phrase "in great need" is idiomatic and natural.

Commented [ET6]: In each of the three sentences, there are instances of double spacing like this one. Pay more attention to the spaces between words.
