8. Currently, a main road runs from west to east in the north, ~~where~~ while two rows of shops are sited to the north and south of it. Countryside is located in the north ~~of Islip and~~ to the north of the shops.

Body 2: According to the second map,.../According to the map of planned developments,.../There are plans to.../In the future,...

1. In the future, the main road is going to be converted to a pedestrian way. The ~~north line-northern [row/line of] shops and countryside~~ will be ~~destroyed demolished~~, and a ~~B~~bus station, a ~~new~~ shopping centre, a car park and a new housing area are ~~will located going to be constructed in the place of the shops were destroyed instead/in their place~~, while the shops ~~on the south line to the south~~ of the pedestrian way will remain unchanged.

2. In the future, the main road will be ~~removed and~~ replaced by a pedestrian-only street path in the centre. ~~Around this area, The countryside and shops to the north will be demolished, and~~ new facilities ~~such as, namely a shopping centre,~~ a bus station, a shopping centre and, a car park and a new housing area, will be constructed instead, ~~while additional housing will expand to the north, reducing the amount of countryside.~~

→ Or: To the north, new facilities, namely a bus station, a shopping centre, a car park and a new housing area, will be constructed, replacing the countryside and the northern shops.

3. In the future, as the northern row of shops and the countryside will ~~demolish be demolished~~, a ~~ring road dual carriageway~~ will be constructed, ~~which is connected to the new housing in the north-east surrounding the area except the school and~~

the southern housing district. The main road will be converted ed to ~~the~~ a pedestrian-only path in the center.

4. According to the second map, the main road is going to be turned into a pedestrian way. The countryside and the north ern shops will be demolished and [the area will be] redeveloped into a bus station, shopping center, car park, and new housing area from west to east, respectively, while the south ern shops will remain unchanged.

5. According to the map of planned developments, the main road is planned to be converted to a pedestrian -only path. The northern shops and countryside are going to be demolished ed, ~~while instead of shops, and instead a~~ bus station, shopping centre, car park and new housing area are going to be built from west to east respectively.

6. According to the second map, the countryside and the northern shops will be demolished and replaced * by a dual carriageway that surrounds will surround/surrounding the entire town center, except for the school and housing in the south. Along the northern side of this carriageway, a bus station, shopping center, car park, and new housing will be built.

** The carriageway will not replace the shops actually. I don't think this report would be accurate.*

7. According to the second map, the main road will be converted to a pedestrian's pathway, while the ~~previous countryside and~~ northern shops ~~are undergoing to a noticeable change and~~ will be demolished. ~~As a result~~ Instead, a shopping center, bus station and car park will be constructed, with ~~the~~ a new housing area next to ~~it~~ them.

8. According to the second map, the road will be converted to a pedestrian's path and a large dual carriageway is going to surround the area [except...]. The ~~€~~ countryside and ~~some the~~ shops sited ~~in to~~ the north of the road will be demolished ~~-, and...~~
