

CA: stop buying paper to stop deforestation

Refute/Solution: recycling will resolve concerns

1. Some may argue that ~~it's better to~~ people will stop purchasing paper in order to ~~abolish~~ stop deforestation, but I think an ~~excellent solution for this problem would be~~ recycling will reduce their concerns.
2. Some may argue that ~~it's better to~~ people will stop buying papers so that ~~we~~ they can stop deforestation, but I think this ~~is~~ will not be a serious concern and recycling will resolve the issue.
3. Some may argue that printed newspapers and books ~~should~~ would be avoided because producing paper contributes to deforestation, but I believe that recycling ~~can~~ will reduce this problem.
4. Some may argue that ~~it is essential to~~ people will stop buying paper in order to stop deforestation, ~~but~~ I think recycling will resolve ~~these~~ their concerns.
5. Some may argue that ~~if we~~ by people will stop purchasing paper ~~we will~~ so that they can stop deforestation, but ~~i~~ think recycling will resolve [those] concerns.
6. Some ~~people may~~ argue that ~~deforestation will be reduce, if we stop splurge money on paper~~ people will stop buying paper to reduce deforestation, but I believe ~~in the future by developing recycling industry~~ this problem will be addressed ed through the development of the recycling industry.
7. Some may argue that, ~~by eliminating paper consumption,~~ ~~it can~~ people will put an end to deforestation, but I think ~~by recycling we can achieve the same outcome~~ recycling will solve that issue.
