

CA: decrease screen time & protect health

Refute/Solution: technological progress > resolved in future

1. ~~s~~Some may argue that ~~we must~~ people will try to decrease ~~use~~ screen time and protect ~~our~~ their health, but I think with technological progress, this problem will be resolved in the future.
2. Some may argue that decreasing screen time ~~is important for and protecting individual's~~ individuals' health will be important, but I think due to technological progress ~~in the future the~~ companies will resolved these issues will be resolved in the future.
3. Some may argue that people ~~need~~ will try to decrease their screen time and protect their health, but ~~i~~ think ~~technology's~~ technological progress will resolve these problems in the future.
4. Some may argue that people will ~~still buy printed materials~~ try to reduce their screen time and protect their health, but I think rapid technological progress will resolve these ~~health~~ concerns in the near future.
5. ~~s~~Some may argue that decreasing screen time ~~is extremely essential to and~~ protecting human health will become extremely essential, but I think technological progress ~~such as~~ eliminating blue light of screens could will resolved ~~the mentioned~~ this issue.
6. Some may argue that people ~~need~~ will try to spend less time on screens ~~to and~~ protect their health, but ~~i~~ think technological progress will solve this problem in the future.
